State of Iowa Single Audit Report

For the Fiscal Year Ended
June 30, 2018

Iowa Veterans Home:

FRONT COVER:

The formal iron gates and former guardhouse are now a "symbol" of the Iowa Veterans Home (IVH) in Marshalltown, Iowa. These gates once knew the sound of horses' hooves and hundreds of horse carriages of the Iowa Soldiers Home.

The Iowa Soldiers Home accepted its first resident in 1887 when the facility provided living quarters for displaced veterans of the War Between the States. From that time, the Home has belonged to the people of Iowa. It is guided by the Iowa Legislature and the Iowa Commission of Veterans Affairs.

Today IVH is one of the largest of the 156 state-owned facilities for veterans in the nation. As in the past, IVH maintains its loyalty and dedication to American veterans. IVH is a true community, comprised of residents, staff, volunteers, and visitors. The beautiful campus spans over 150 acres with four main Nursing Care buildings (including memory care) and one Residential Care building.

BACK COVER:

The Iowa Veterans Home displays memorials, artifacts, and artwork commemorating all veterans from all wars since the War Between the States. It is also home to historic burial sites and architecture. The Vietnam War, Korean War, and World War II Memorials are pictured on the back cover as examples of what visitors can see on the IVH campus.

NEWS RELEASE

FOR RELEASE

March 29 2019

Contact: Marlys Gaston
515/281-5834

Auditor of State Rob Sand today released the State of Iowa's Single Audit Report for the year ended June 30, 2018. The report covers the expenditure of federal funds by all State agencies, institutions and universities and includes a review of internal controls and compliance with federal laws and regulations.

The State expended approximately \$8.9 billion of federal funds in fiscal year 2018, an increase of approximately \$454 million, or 5% over the prior year. Changes in non-loan programs included an increase of approximately \$512 million in funding for non-ARRA Medicaid expenditures and decreases in unemployment insurance and supplemental nutrition assistance expenditures of approximately \$ 63 million and \$33 million, respectively.

Expenditures included approximately \$3.1 billion for Medicaid, including \$5.7 million in ARRA funding, \$1.2 billion in capitalization grants for clean water state revolving funds, \$580 million for highway planning and construction, \$495 million for unemployment insurance, \$466 million for capitalization grants for drinking water state revolving funds, \$457 million for supplemental nutrition assistance, \$421 million for federal direct student loans and \$129 million for children's health insurance. Although the State of Iowa administered approximately 600 federal programs during the year ended June 30, 2018, these eight programs accounted for 77% of total federal expenditures.

Sand reported internal control deficiencies at various State agencies, including an instance of material noncompliance. These internal control deficiencies and the instance of material noncompliance, with management's responses, are included in the Schedule of Findings and Questioned Costs.

A copy of the report is available for review on the Auditor of State's web site at <https://auditor.iowa.gov/reports/audit-reports/>.

March 27, 2019

To the Governor and Members of the General Assembly:

We are pleased to submit the Single Audit Report for the State of Iowa for the year ended June 30, 2018. The audit of compliance was conducted in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance).

The Single Audit Report reflects federal expenditures of approximately \$8.9 billion. This report includes significant deficiencies in internal control relating to major programs and an instance of material noncompliance, included in the Schedule of Findings and Questioned Costs as item 2018-001, which meet the criteria of the Uniform Guidance. The Single Audit Report includes a qualified opinion on the State's compliance with the requirements regarding subrecipient monitoring applicable to CFDA 17.277 - WIOA National Dislocated Worker Grants/WIA National Emergency Grants and the WIOA Cluster program, and an unmodified opinion on the State's compliance with requirements applicable to each of its other major federal programs. The significant deficiencies and instance of material noncompliance are reported in the Schedule of Findings and Questioned Costs.

The State of Iowa's Comprehensive Annual Financial Report for the year ended June 30, 2018 has been issued separately by the Iowa Department of Administrative Services. In addition, in accordance with Government Auditing Standards, our report on the State of Iowa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters was issued under separate cover. Copies of these reports are available for review on the Auditor of State's web site at <https://auditor.iowa.gov/reports/audit-reports/>.

We would like to acknowledge the many courtesies and assistance extended to us by the staff of the State agencies, institutions and universities during the course of our audit of compliance. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Rob Sand".

Independent Auditor's Report on Compliance for Each Major Federal Program, on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

To the Governor and Members of the General Assembly:

Report on Compliance for Each Major Federal Program

We have audited the State of Iowa's compliance with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of the State of Iowa's major federal programs for the year ended June 30, 2018. The State of Iowa's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

The State of Iowa's basic financial statements include the operations of the Iowa Finance Authority, a discretely presented component unit, which received approximately \$212,612,000 of federal awards which is not included in the State of Iowa's Schedule of Expenditures of Federal Awards for the year ended June 30, 2018. Our audit, described below, did not include the operations of the Iowa Finance Authority because other auditors were engaged to perform an audit in accordance with the Uniform Guidance.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the State of Iowa's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the State of Iowa's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our qualified and unmodified opinions on compliance for major federal programs. However, our audit does not provide a legal determination of the State of Iowa's compliance.

Basis for Qualified Opinion on CFDA 17.277 - WIOA National Dislocated Worker Grants/WIA National Emergency Grants and WIOA Cluster

As described in the accompanying Schedule of Findings and Questioned Costs, the State of Iowa did not comply with requirements regarding CFDA 17.277 - WIOA National Dislocated Worker Grants/WIA National Emergency Grants and the WIOA Cluster as described in finding number 2018-001 for subrecipient monitoring. Compliance with such requirements is necessary, in our opinion, for the State of Iowa to comply with the requirements applicable to those programs.

Qualified Opinion on CFDA 17.277 - WIOA National Dislocated Worker Grants/WIA National Emergency Grants and WIOA Cluster

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the State of Iowa complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on CFDA 17.277 - WIOA National Dislocated Worker Grants/WIA National Emergency Grants and the WIOA Cluster for the year ended June 30, 2018.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the State of Iowa complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in Part I of the accompanying Schedule of Findings and Questioned Costs for the year ended June 30, 2018.

Other Matters

The State of Iowa's response to the noncompliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The State of Iowa's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

The management of the State of Iowa is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the State of Iowa's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State of Iowa's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control

over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as items 2018-002, 2018-003, 2018-004, 2018-005, 2018-006, 2018-007, 2018-008, 2018-009 and 2018-010 which we consider to be significant deficiencies.

The State of Iowa's responses to the internal control over compliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The State of Iowa's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the State of Iowa as of and for the year ended June 30, 2018, and the related Notes to Financial Statements, which collectively comprise the State of Iowa's basic financial statements. We issued our report thereon dated December 14, 2018, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors who audited the financial statements of the Tobacco Settlement Authority, the Iowa Public Television Foundation, the Iowa Public Radio, Inc., the Iowa Finance Authority, the University of Iowa Center for Advancement and Affiliate, the Iowa State University Foundation, the University of Northern Iowa Foundation, the University of Iowa Research Foundation and the University of Iowa Health System, as described in our report on the State of Iowa's financial statements. This report does not include the results of the other auditors' testing of compliance for each major federal program and internal control over compliance. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Iowa's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

ROB SAND

State of Iowa

Notes to Schedule of Expenditures of Federal Awards

For the Year Ended June 30, 2018

(1) Significant Accounting Policies

A. Reporting Entity

The reporting entity includes all State departments and other entities included in the State's Comprehensive Annual Financial Report, except for the Iowa Finance Authority, the University of Iowa Center for Advancement and Affiliate, the Iowa State University Foundation, the University of Northern Iowa Foundation, the University of Iowa Research Foundation and the University of Iowa Health System, which are discretely presented component units and the Tobacco Settlement Authority, Iowa Public Television Foundation and Iowa Public Radio, Inc., which are blended component units.

B. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of the State of Iowa under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Programs listed in the Catalog of Federal Domestic Assistance (CFDA) are so identified. Programs not in the catalog are identified as other federal assistance.

In accordance with the Uniform Guidance, federal financial assistance is defined as assistance which non-federal entities receive or administer in the form of grants, cooperative agreements, non-cash contributions or donations of property (including donated surplus property), direct appropriations, food commodities, loans, loan guarantees, interest subsidies, insurance and other assistance, but does not include amounts received as reimbursement for services rendered to individuals.

Because the Schedule presents only a selected portion of the operations of the State of Iowa, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the State of Iowa.

Type A programs, as defined by Uniform Guidance, are those programs for the State of Iowa which exceeded \$25,000,000 in federal awards expended during the year ended June 30, 2018.

C. Basis of Accounting

Expenditures reported on the Schedule are presented on the modified accrual basis of accounting except for those of the Enterprise, Universities and Unemployment Benefits Funds which are presented on the accrual basis. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

D. Indirect Cost Rate

Except for the agencies identified, the State of Iowa uses a federally negotiated indirect cost rate. Two State agencies, the Department of Justice and Iowa Public Television, have elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

E. Grantees

Assistance received directly from the federal government is shown by the grantee receiving the funds. Assistance received from other entities is so noted.

(2) Non-Cash Assistance

Non-cash assistance was as follows:

Type	Issuances Year Ended June 30, 2018	Inventory June 30, 2018
Commodities	\$ 18,614,866	245,566
Vaccines	34,015,928	39,029

Donated federal surplus personal property inventory is presented at the fair market value of the property received. The fair market value was estimated to be 22.47% of the property's original acquisition value, which was provided by the U.S. General Services Administration. This property was not reported in the State's Comprehensive Annual Financial Report.

(3) Federally Funded Loan Programs

Loan balances, including American Recovery and Reinvestment Act of 2009 (ARRA) related balances, of federally funded loan programs at June 30, 2018 were as follows:

CFDA No.	Program	Outstanding Loans June 30, 2018
14.228	Community Development Block Grants/ State's Program and Non-Entitlement Grants in Hawaii	\$ 39,271,007
66.458	Capitalization Grants for Clean Water State Revolving Funds, net of \$8,122,633 of forgivable loans	1,225,629,403*
66.458	ARRA - Capitalization Grants for Clean Water State Revolving Funds	12,214,979
66.468	Capitalization Grants for Drinking Water State Revolving Funds, net of \$10,369,276 of loan losses	469,390,473*
66.468	ARRA - Capitalization Grants for Drinking Water State Revolving Funds	4,067,000
84.038	Federal Perkins Loan Program_Federal Capital Contributions	43,418,731
93.264	Nurse Faculty Loan Program (NFLP)	816,340
93.342	Health Professions Student Loans, Including Primary Care Loans/Loans for Disadvantaged Students	14,983,180
93.364	Nursing Student Loans	2,339,468

* The outstanding loans consist of federal and state funds.

(4) Unemployment Insurance

Unemployment insurance expenditures for the year ended June 30, 2018, reported as CFDA No. 17.225, include the following:

Federal funds	\$ 41,624,762
State funds	<u>453,163,197</u>
Total	<u>\$ 494,787,959</u>

State of Iowa

State of Iowa

State of Iowa
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2018

Part I: Summary of the Independent Auditor's Results:

- (a) Unmodified opinions were issued on the financial statements prepared in accordance with U.S. generally accepted accounting principles.
- (b) A significant deficiency and a material weakness in internal control over financial reporting were disclosed by the audit of the financial statements. These are reported in the State of Iowa's report on internal control over financial reporting, issued under separate cover.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) Significant deficiencies in internal control over the major programs were disclosed by the audit of the financial statements, none of which are considered to be material weaknesses.
- (e) The independent auditor's report on compliance for the major programs expressed an unmodified opinion for all major programs except for CFDA 17.277 - WIOA National Dislocated Worker Grants/WIA National Emergency Grants and the WIOA Cluster program, which was qualified.
- (f) The audit disclosed audit findings which are required to be reported in accordance with the Uniform Guidance, Section 200.516.
- (g) The major programs were as follows:
 - CFDA Number 14.228 – Community Development Block Grants/ State's Program and Non Entitlement Grants in Hawaii
 - CFDA Number 17.225 – Unemployment Insurance
 - CFDA Number 17.277 – WIOA National Dislocated Worker Grants/WIA National Emergency Grants
 - CFDA Number 84.126 – Rehabilitation Services Vocational Rehabilitation Grants to States
 - CFDA Number 84.365 – English Language Acquisition State Grants
 - CFDA Number 93.268 – Immunization Cooperative Agreements
 - CFDA Number 93.624 – ACA – State Innovation Models: Funding for Model Design and Model Testing Assistance
 - CFDA Number 93.667 – Social Services Block Grant
 - CFDA Number 93.917 – HIV Care Formula Grants
 - CFDA Number 97.036 – Disaster Grants – Public Assistance (Presidentially Declared Disasters)

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2018

- Clustered Programs:

- SNAP Cluster:

- CFDA Number 10.551 – Supplemental Nutrition Assistance Program

- CFDA Number 10.561 – State Administrative Matching Grants for the Supplemental Nutrition Assistance Program

- CDBG – Disaster Recovery Grants – Pub. L. No. 113-2 Cluster:

- CFDA Number 14.272 – National Disaster Resilience Competition

- WIOA Cluster:

- CFDA Number 17.258 – WIOA Adult Program

- CFDA Number 17.259 – WIOA Youth Activities

- CFDA Number 17.278 – WIOA Dislocated Worker Formula Grants

- Drinking Water State Revolving Fund Cluster:

- CFDA Number 66.468 – Capitalization Grants for Drinking Water State Revolving Funds

- Special Education Cluster (IDEA):

- CFDA Number 84.027 – Special Education Grants to States

- CFDA Number 84.173 – Special Education Preschool Grants

- Medicaid Cluster:

- CFDA Number 93.775 – State Medicaid Fraud Control Units

- CFDA Number 93.777 – State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare

- CFDA Number 93.778 – Medical Assistance Program

- Research and Development Cluster:

- (See ** on the Schedule of Expenditures of Federal Awards)

(h) The dollar threshold used to distinguish between Type A and Type B programs was \$25,000,000.

(i) The State of Iowa did not qualify as a low-risk auditee.

2018-001

Subrecipient Monitoring

Criteria – The Code of Federal Regulations, 20 CFR 683.410(b), outlines the State’s roles and responsibilities for monitoring and oversight. The regulations require, in part, “The State monitoring system must: Provide for annual on-site monitoring reviews of local areas’ compliance with 2 CFR Part 200, as required by section 184(a)(3) of the Workforce Innovation and Opportunity Act (WIOA); Ensure that established policies to achieve program performance and outcomes meet the objectives of WIOA and the WIOA regulations.” The regulations further require, “The State must conduct an annual on-site monitoring review of each local area’s compliance with 2 CFR Part 200 as required by section 187(a)(4) of WIOA.” In addition, the State must require prompt corrective action be taken if any substantial violation of standards is found.

In addition, the Uniform Guidance, Part 200.331 states, “All pass-through entities must: Monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved. Pass-through entity monitoring of the subrecipient must include; Reviewing financial and performance reports required by the pass-through entity. Following-up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal award provided to the subrecipient from the pass-through entity detected through audits, on-site reviews, and other means.”

Condition – Although the Department performed financial monitoring visits of subrecipients, the Department did not perform monitoring visits to ensure subrecipients were achieving program performance and outcomes which meet the objectives of WIOA and the WIOA regulations. The financial monitoring visits do not determine whether the subaward is used in

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2018

compliance with Federal Statutes, regulations and the terms and conditions of the subaward or that performance goals are achieved.

Cause – The Department has not established policies and procedures for program monitoring which are in compliance with the Workforce Innovation and Opportunity Act. The Department has been in the process of establishing policies and procedures, however, policies and procedures have not been finalized. Because policies and procedures have not been established, the Department did not perform monitoring of program performance and outcomes of subrecipients.

Effect – The Department is not in compliance with subrecipient monitoring as required by 20 CFR 683.410(b) and the Uniform Guidance, Part 200.331.

Recommendation – The Department should establish policies and procedures to ensure compliance with 20 CFR 683.410(b) and the Uniform Guidance, Part 200.331. Annual on-site visits to all local areas should be performed to ensure the programs are properly monitored.

Response and Corrective Action Planned – Draft policies and procedures have been developed to comply with 20 CFR 683.410(b) and the Uniform Guidance, Part 200.331. In cooperation with the U.S. Department of Labor, the Department will begin comprehensive WIOA program monitoring as soon as the realignment of local workforce development areas is complete. On-site monitoring visits will be performed annually, beginning in the summer of 2020.

Conclusion – Response acknowledged. Annual on-site visits should be performed as required by 20 CFR 683.410(b).

2018-002

Cash Management

Criteria – Effective cash management procedures provide for minimizing the amount of time between the drawdown/request for federal funds and the disbursement of those funds. They also minimize the amount of state and other federal funds used to supplant programs until federal funds are received. Generally, a maximum of three days is considered an acceptable amount of time between the receipt of federal funds and the disbursement of those funds.

Condition – A review of the Department's records identified two instances where excessive cash balances were held for seven to twenty-one days.

Cause – Although procedures have been established to draw federal funds in amounts sufficient to cover current needs, procedures were not followed.

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2018

Effect – Failure to follow procedures resulted in Department employees not detecting the error in the normal course of performing their assigned duties.

Recommendation – The Department should implement procedures to ensure federal funds are drawn down in amounts sufficient to cover current needs and are disbursed in a timely manner without carrying excessive daily balances.

Response and Corrective Action Planned – Cash management procedures will be reviewed by appropriate staff to ensure federal funds are only drawn in the amounts sufficient to cover current needs.

Conclusion – Response accepted.

CFDA Number: 17.225 – Unemployment Insurance

2018-003

Employment and Training Administration (ETA) Reports

Criteria – The Uniform Guidance, Part 200.303, requires the auditee establish and maintain effective internal control over the federal award which provides reasonable assurance the auditee is managing the federal award in compliance with federal statutes, regulations and the terms of the federal award. The ETA 227 report, “Overpayment Detection and Recovery Activities”, provides information on overpayments of intrastate and interstate claims under the regular state Unemployment Insurance (UI) program and under federal UI programs, including the Unemployment Compensation for Federal Employees (UCFE) and Unemployment Compensation for Ex-Service members (UCX) programs, established under Chapter 85, Title 5, U.S. Code. The report includes claims for regular, additional state programs and the permanent federal-state Extended Benefits (EB) programs. Data is provided for the establishment of overpayments, recoveries of overpayments, criminal and civil actions involving overpayments obtained fraudulently and an aging schedule of outstanding benefit overpayment accounts. The UI Reports Handbook No. 401 requires the report to be submitted quarterly on the first day of the second month after the end of the quarter.

Condition – Supporting documentation for the quarterly reports was not retained. Three reports submitted were not reviewed and approved by an independent person for propriety prior to submission.

Cause – Department procedures have not been established to retain supporting documentation for the data fields in the report. The person who prepared the reports is no longer employed by the Department and the information used to prepare the report could not be located. In addition, Department procedures have not been established to require documentation the reports were independently reviewed and approved.

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2018

Effect – The lack of supporting documentation and a documented review of these reports increases the risk for undetected reporting errors or misstatements.

Recommendation – The Department should establish policies and procedures to ensure reports are supported and the support for the preparation of the report is retained. The policies established should also ensure the quarterly reports are reviewed and approved by an independent person who is knowledgeable about the program. This independent review should be documented by the reviewer's signature or initials and date of review prior to submission.

Response and Corrective Action Planned – Procedures have been established for transmitting the ETA 227 report. Included in the procedures are where to retain the supporting data file and review of the report by the Chief Operating Officer prior to final transmission. The report must be returned with a signature and date prior to finalization.

Conclusion – Response accepted.

2018-004

Employment and Training Administration (ETA) Reports

Criteria – The Uniform Guidance, Part 200.303, requires the auditee establish and maintain effective internal control over the federal award which provides reasonable assurance the auditee is managing the federal award in compliance with federal statutes, regulations and the terms of the federal award. The ETA 581 report, "Contributions Operations", provides information on the volume of work and state agency performance in determining the taxable status of employers and the processing of wage items, the collection of past due contributions and payments in lieu of contributions, delinquent reports and audit activity. The data provides measures of the effectiveness of the tax program. UI Reports Handbook No. 401 requires the report to be submitted electronically for each calendar quarter to the Employment and Training Administration of the U.S. Department of Labor on the 20th day of the second month following the quarter to which it relates.

Condition – The Department has stated the reports were reviewed and approved; however, this review was not documented. In addition, two of the four quarterly reports were submitted between 16 and 60 days late.

Cause – Department procedures have not been established to require documentation the reports are independently reviewed and approved and to ensure reports are submitted timely.

Effect – The lack of a documented review of these reports increases the risk for undetected reporting errors or misstatements. In addition, the lack of established policies and procedures resulted in the late submission of quarterly reports.

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2018

Recommendation – The Department should establish policies and procedures to ensure reports are submitted timely in accordance with UI Reports Handbook. The policies established should also ensure the quarterly reports are reviewed and approved by an independent person who is knowledgeable about the program. This independent review should be documented by the reviewer's signature and date of review prior to submission.

Response and Corrective Action Planned – A policy and procedure has been established. Included in the procedure is a requirement to submit the report to the Division Administrator to be reviewed and approved. Once approved the Division Administrator must physically sign and date and return to the Bureau Chief for submission.

Conclusion – Response accepted.

2018-005

Trade Act Participant Report (TAPR)

Criteria – The Uniform Guidance, Part 200.303, requires the auditee establish and maintain effective internal control over the federal award which provides reasonable assurance the auditee is managing the federal award in compliance with federal statutes, regulations and the terms of the federal award. The TAPR provides a streamlined data collection on the Trade Adjustment Assistance (TAA) program activities and outcomes into a single streamlined reporting structure. The report captures information related to TAA applicants, including TAA participants who receive benefits and services across the program with a standardized set of data elements which includes information on participant demographics, types of services received and performance outcomes. The TAPR is intended to track information on TAA activity on a “real time” basis for individuals from the point of TAA eligibility determination through post-participation outcomes. As required by Training and Employment Guidance Letter No. 6-09, quarterly reports are to be submitted no later than 45 days after the end of each report quarter.

Condition – The Department has stated the reports were reviewed and approved, however, this review was not documented for three reports submitted.

Cause – Department procedures have not been established to require documentation the reports were independently reviewed and approved.

Effect – The lack of a documented review of these reports increases the risk for undetected reporting errors or misstatements.

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2018

Recommendation – The Department should establish policies and procedures to ensure the quarterly reports are reviewed and approved by an independent person who is knowledgeable about the program. This independent review should be documented by the reviewer's signature or initials and date of review prior to submission.

Response and Corrective Action Planned – The Department will receive the TAPR file and will ensure an independent review of the trade-related data elements is completed prior to submission. This review will be completed by a knowledgeable, independent person by pulling a random sample of participants and reviewing the correct time frames and data elements are included in the file. After review, the independent reviewer will initial and date a printed copy of the random sample as evidence of the review.

Conclusion – Response accepted.

Prior Year Single Audit Report Finding Number: N/A

Iowa Department of Workforce Development

2018-006

Payroll Distribution

Criteria – The Uniform Guidance, Part 200.430(i), states “Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed.” This section goes on to state, these records must “Support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and non-Federal award; an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.” The section also states “Budget estimates (i.e., estimates determined before the services are performed) alone do not qualify as support for charges to Federal awards, but may be used for interim accounting

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2018

purposes, provided that: The system for establishing the estimates produces reasonable approximations of the activity actually performed; significant changes in the corresponding work activity (as defined by the non-Federal entity's written policies) are identified and entered into the records in a timely manner. Short term (such as one or two months) fluctuation between workload categories need not be considered as long as the distribution of salaries and wages is reasonable over the long term; and the non-Federal entity's system of internal controls includes processes to review after-the-fact interim charges made to Federal awards based on budget estimates. All necessary adjustment must be made such that the final amount charged to the Federal award is accurate, allowable, and properly allocated."

Condition – The Department uses budget estimates to establish interim rates to allocate payroll costs to be used for Department budgeting and to provide employees with an estimate of time which is expected of them for their assigned programs. The Department has informed employees they are to be reporting the actual time worked on each program code which associates with a specific Federal, non-Federal, indirect or cost allocation program. Thirty two employees who charged time to more than one program code for the fourth quarter of the fiscal year were selected for testing. Of the thirty two employees tested, seven employees did not deviate their hours from the original budget estimate. In addition, eleven employees reported the exact same number of hours for each program code for every pay period.

Cause – Although the Department has established policies and procedures to require employees to document actual hours worked on program codes, not all employees appear to be reporting actual hours worked to the affected programs. In addition, the Department has not effectively communicated these policies and procedures to all employees.

Effect – Payroll costs could be charged to the incorrect program code which could result in allocating costs incorrectly to all programs, including the federal programs.

Recommendation – The Department should communicate the established policies and procedures to all employees to ensure employees are reporting actual hours worked on each program code rather than budgeted hours. Time records should be reviewed to ensure employees are complying with established policies and procedures.

Response and Corrective Action Planned – The Department will communicate to employees that actual hours worked on each program code should be reported each pay period. The Department will contact supervisors of employees who appear to be using the same program code allocation percentage, each pay period, to determine if actual hours were used. The Department will also review quarterly payroll variance reports for employees who appear to not be changing their time records.

Conclusion – Response accepted.

Awards to Subrecipients

Criteria – The Uniform Guidance, Part 200.331 states, “All pass-through entities must ensure every subaward is clearly identified to the subrecipient as a subaward and includes the following information at the time of the subaward and if any of these data elements change, include the changes in subsequent subaward modification. When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal award and subaward.” Required information includes, in part, Federal Award Date and Total Amount of the Federal Award.

Condition – The Department did not include the Federal Award Date or the Total Amount of the Federal Award in the subaward to the subrecipients.

Cause – The Department has not established policies and procedures to ensure all required information is included in the subaward to the subrecipients.

Effect – The information required in the subaward to subrecipients was not included due to the lack of policies and procedures.

Recommendation – The Department should establish policies and procedures to ensure all required information is included in the subaward to subrecipients as required by Uniform Guidance, Part 200.331.

Response and Corrective Action Planned – The Department will implement procedures to be certain all subawards are compliant with the Uniform Guidance, Part 200.331 requirements. All future subawards, or modifications to current subawards, will have the required language inserted into the agreement.

Conclusion – Response accepted.

Iowa Department of Public Health

2018-008

Cash Management

Criteria – Effective cash management procedures provide for minimizing the amount of time between the drawdown/request for federal funds and the disbursement of those funds. They also minimize the amount of state and other federal funds used to supplant programs until federal funds are received. Generally, a maximum of three days is considered an acceptable amount of time between the receipt of federal funds and the disbursement of those funds.

Condition – A review of the Department's records identified two instances where excessive cash balances were held for thirteen to forty-seven days.

Cause – Although procedures have been established to draw federal funds in amounts sufficient to cover current needs, procedures were not followed.

Effect – Failure to follow procedures resulted in Department employees not detecting the error in the normal course of performing their assigned duties.

Recommendation – The Department should implement procedures to ensure federal funds are drawn down in amounts sufficient to cover current needs and are disbursed in a timely manner without carrying excessive daily balances.

Response and Corrective Action Planned – The Department has reviewed the instances resulting in cash balances in excess of \$50,000. Cash management procedures involving correction documents as well as estimating payroll resulted in instances of excess cash balances during the fiscal year. Cash management procedures have been reviewed by appropriate staff to ensure compliance in the future.

Conclusion – Response accepted.

CFDA Number: 93.777 – State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare

Agency Number: None

Federal Award Year: 2017, 2018

Prior Year Single Audit Report Finding Number: N/A

Iowa Department of Inspections and Appeals

2018-009

Survey Frequency

Criteria – The Centers for Medicare and Medicaid Services (CMS), 2018 State Performance Standards System Guidance, Section F2(e), requires the Department to conduct a standard survey of each licensure agreement of nursing facilities no later than 15.9 months after the last day of the previous survey. In addition, the statewide average interval between standard surveys of licensure agreements must be 12.9 months or less.

The CMS 2018 State Performance Standards System Guidance, Section F3.2(a), requires the Department to conduct a standard survey of each licensure agreement of non-deemed critical access hospital facilities no later than 60 months after the last day of the previous survey. In addition, surveys of at least one, but not less than 5%, of non-deemed critical access hospitals must be performed annually.

Condition – The statewide average interval between standard surveys conducted by the Department for nursing facilities was 13.5 months.

The Department had 68 non-deemed critical access hospital facilities. Surveys were not conducted within the required 60 months after the previous survey for six facilities. In addition, the Department conducted surveys of two non-deemed critical access hospitals, which was less than the 5% requirement.

Cause – Although procedures have been established to conduct surveys at the required frequencies, procedures were not followed.

Effect – Surveys of nursing facilities and non-deemed critical access hospitals were not performed at the required frequency.

Recommendation – The Department should review its procedures to ensure all facilities are surveyed within the required interval.

Response and Corrective Action Planned – The Department has been aware the overall statewide average has exceeded 12.9 months. In November 2017, CMS implemented a new, computer-based long-term care survey process. The new process was implemented nationwide at this time, and continues to impact the survey cycle times of both individual states and the national survey cycle average. The Department implemented the new process over approximately a 3 month period. Initially, the new survey process took longer to complete (six to seven days compared to four days under the old process). The Department now completes the survey process within 4 days. The new process requires more surveyors per survey than the old process. Consequently, fewer surveys can be completed each week. In order to reduce the overall statewide average, the Department has hired survey staff, including hiring surveyors on a temporary, contract basis to compensate for ongoing

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2018

vacancies. In addition, the Department has approved overtime for staff to complete additional surveys. The Department is evaluating the need to increase both full-time employees (FTEs) and the associated federal funding in order to meet the federally required timeframes for long-term care surveys.

Conclusion – Response accepted.

CFDA Number: 93.917 – HIV Care Formula Grants
